## ContourCube ActiveX Classic Crack Free X64 [Latest]

ContourCube ActiveX Classic is an OLAP (On Line Analytical Processing) component for interactive data analysis and reporting. It provides a range of calculations, analysis functions, report generation and visualization. It can be used in any development environment supporting ActiveX controls and embeddable into any database application. ContourCube ActiveX Classic supports almost any relational database connection (Oracle, MS SQL Server, DB2, Sybase, MySQL, etc.), and connects to almost any relational database through DBE or ADO connection. It converts relational data into multidimensional form, applying a lot of appearance settings. ContourCube ActiveX Classic has a wide range of functions and features:

- ▣ Advanced reporting capabilities, including conditional formatting, conditional totals, advanced statistical analysis, series pivot, aggregations, grouping and filter operations
- ▣ Supports any relational database connection via ADO or DBE
- ▣ Supports SQL, ODBC, OLE DB and ODBC DBE drivers
- ▣ Supports concurrent connections
- ▣ Supports ODBC DAO driver
- ▣ Supports ODBC DBE driver
- ▣ Supports Unicode and non-Unicode driver
- ▣ Supports many database objects
- ▣ Supports any relational database (Oracle, MS SQL Server, DB2, MySQL, etc.)
- ▣ Supports multidimensional data, including native 3D and full extended list data types.
- ▣ Support any data source
- ▣ Supports Unicode and non-Unicode data types
- ▣ Supports any relational database connection with client-server services
- ▣ Supports remote database connection (such as ODBC)
- ▣ Supports flexible text and image report output
- ▣ Supports any dimension and any measure for any dimensions
- ▣ Supports user-defined multidimensional measures and functions
- ▣ Supports any sort order for any dimensions
- ▣ Supports any dimension group and any hierarchical levels for any dimensions
- ▣ Supports any data type for any dimensions
- ▣ Supports any number format for any data type
- ▣ Supports sorting of any data types
- ▣ Supports series pivot, series filter, series union, series concatenation and series join
- ▣ Supports the creation and manipulation of any number of dimension and measures
- ▣ Supports slicing, paging and dynamic sorting of any dimensions

## ContourCube ActiveX Classic Keygen

ContourCube ActiveX CE ActiveX is an Excel-like tool that lets you create multidimensional charts, tables, matrixes and graphics. Supports your own XLS data source file. ContourCube CE ActiveX is an Excel-like tool that lets you create multidimensional charts, tables, matrixes and graphics. It can connect to almost any relational database through DBE or ADO connection and convert relational data into multidimensional form, applying a lot of appearance settings. ContourCube CE ActiveX is web-enabled, and can load pre-built multidimensional reports over the Internet. ContourCube ActiveX Classic Activation Code is a web-enabled, plug-in-based OLAP tool for Microsoft Excel, Excel Workbook, Excel Servlet, Windows, and Java applications. The core capabilities are described in Chapter 1, Multidimensional Analysis. ContourCube ActiveX Classic Crack For Windows Solution provides the following capabilities:

- ▣ Perform multidimensional analysis and reporting in both interactive and static formats
- ▣ Enable users to define and execute individual user-defined query filters
- ▣ Provide interaction capabilities using forms and other controls
- ▣ Enable application to add new multidimensional reports and form fields dynamically
- ▣ Use formulas in expression language to calculate and display multidimensional statistics
- ▣ Use formulas in expression language to summarize and display data in tables and charts
- ▣ Display up to 10 dimensions, and drill through multidimensional hierarchies
- ▣ Provide a Microsoft Office 2003 compatibility mode that automatically determines which interface to use based on Office version

Supported Languages:

- ▣ Microsoft Office: Excel (97, 2000, 2003, 2007, 2008)
- ▣ SQL Server: Microsoft SQL Server 2000, 2005, 2008, and 2008 R2
- ▣ Oracle: 10.x, 11.x, 12.x, 13.x, 14.x, and 15.x
- ▣ DB2: 9.x, 10.x, 11.x, 12.x, 13.x, 14.x, and 15.x
- ▣ Firebird: 2.0, 2.1, 2.5, and 2.6
- ▣ MySQL: 4.x, 5.x, 5.1, 5.5, and 5.6
- ▣ Access: 2.x, 3.x, 3.5, and 4.x
